## Blue Deer - Fact sheet

Perfectly designed in every detail the San Lorenzo Sea Lodge “Blue Deer” is a real manifestation of the finest Italian taste and passion for sublime luxury. The interior and exterior design are an expression of the most sophisticated style envisioned by the Owners Giorgia and Stefano Barbini to deliver life enriching experiences to their guests. The same refined atmosphere can be found in their “San Lorenzo Mountain Lodge - White Deer” in the Dolomites. With these two exquisite properties the Giorgia and Stefano Barbini embrace the combined beauty of the sea and the mountains in their own extraordinary way.

Blue Deer was launched by the Sunreef Yachts shipyard, recognized as the leader in custom-made catamaran manufacturing. Owned by the Barbini Family, Blue Deer is dedicated to charter cruises in the Mediterranean and Caribbean. As the Owners were actively engaged in every single

stage of design of the Blue Deer. Stefano and Giorgia Barbini together with Sunreef’s in-house designers selected elegant fabrics and materials of the highest quality for upholstery and furniture to gain a perfection tailored to their expectations.

## Perfection in Every Detail

The **open saloon** with a panoramic view and interior navigation station equals over 35 sq. m. Additionally, there is a galley up arrangement in which preparations of the most delicious specialties for guests will be expertly executed by the chef. Food and other goods can be placed in the storage room, at the lower starboard hull equipped with heavier electronic appliances such as a prosciutto slicer, freezers and refrigerators.

**The lounging area in the saloon comprises a comfortable U-shape sofa** set made from natural – grey fabrics, foldable table and sliding tv straight from the kitchen countertop.

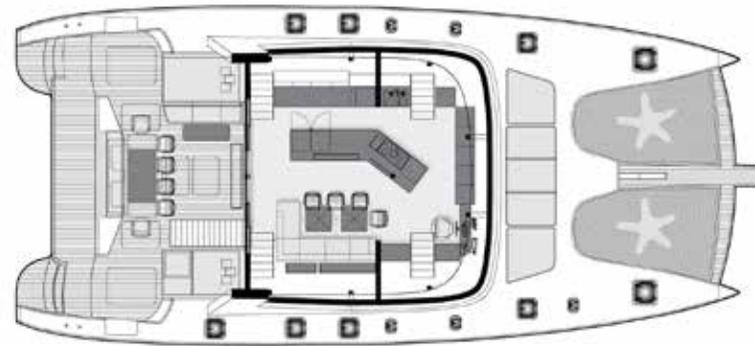

The catamaran can accommodate up to **8+2 guests in four separate spaces** in the hulls including 2 deluxe cabins and 2 VIP cabins. Each of them designed to the smallest detail to bring comfort and pleasure. All decorative elements in the VIP cabins are 100% pure Italian linen, strongly desired by the owners, like pillows and a bottom quilt. Their inspiration were the colors from the Mediterranean and the Caribbean Sea as well as the blue sky. The result: the perfect high quality fabric shades of blue, aquamarine and white. A superior level of luxuriousness is also achieved thanks to shimmering silver headboards. The cabins are equipped with comfortable king-size beds, wardrobes and retractable TV's.

Thanks to spacious windows guests can wake up in the morning sun and

go to sleep in the star light. The two deluxe guest cabins comprise two single (convertible) beds and a bunk bed to the wall that is ideal for children.

Their designs have a common thread with the fabric of the VIP cabins incorporating shades of blue and aquamarine and noble shades of grays and silver colors for the headboards. Each room has its own ensuite spacious bathroom in gray Lava Rock. Both **the cockpit and flybridge** mattresses grey, white, blue and navy color for the cushions that perfectly fit with the San Lorenzo Blue Deer logotype which is at the aft. **The crew quarter** is located in the portside hull and has a separate entrance from the cockpit that allows for more privacy when the guests rest inside the yacht.

Cruising onboard the Blue Deer is living a story-like adventure as well as unforgettable experiences.

With her spacious layout, this **74ft catamaran** was designed to fit the needs of people who appreciate the highest standards combined with the greatest hospitality. The sailing catamaran can be seen as the ideal getaway from busy life. The Blue Deer is an ultimate option for family and friends cruises where wellbeing, comfort and huge amounts of pleasure are essential.

The Blue Deer has already started its first charter voyages in the Mediterranean on June 2015. It will explore the secluded inlets of the Mediterranean in summer and the exotic bays of the Caribbean in winter and will undoubtedly become an ambassador of genuine Italian hospitality.
